

FARM BILL: Investing in Farms, Feeding the Future

The Farm Bill underpins the health of the overall farm economy, which is vital for the grain and feed industry and the entire country. America's food and agriculture sector contributes...

NGFA POSITION

NGFA advocates for a Farm Bill that prioritizes working lands conservation, promotes U.S. agricultural products abroad, and provides certainty for our farmer-customers.

NGFA supports the Farm, Food, and National Security Act of 2026 (H.R. 7567).

NGFA REQUESTS

- Invest in the Environmental Quality Incentives Program (EQIP) and Conservation Stewardship Program (CSP).
- Cap Conservation Reserve Program (CRP) acreage at 27 million acres. Target the most environmentally sensitive portions of farms for conservation programs.
- Increase funding for the USDA's export promotion programs.
- Ensure commodity programs are market-driven and do not influence planting and marketing decisions.
- Preserve crop insurance as agriculture's primary risk management tool.
